

LEED is simply a sustainability scorecard for green buildings. Make your resume stand out for your next career move or promotion with the premier sustainability designation called the LEED Green Associate! LEED is simply a sustainability scorecard for green buildings. As buildings can become LEED Certified, people can become LEED accredited! LEED designations shows employers and clients you have certified knowledge in the field. Since the LEED GA exam doesn't have a stellar pass rate, the value of the extra letters behind your name will carry even more weight

My workshops have helped nearly 10K professionals learn the material cold (important for interview prep) AND clear the exam with a very high passing rate.

Our engaging webinars have helped over 10K students and professionals learn the material cold AND clear the exam with a very high passing rate. **The LEED Professional Designation has helped past participants attain internships and jobs and now is a great time to add this credential.**

LEED Green Associate (GA) Training - Webinar and Online self-paced options:

The above options (1-7) are all identical.

Register for a live webinar or start today with our on-demand recorded workshop completed anytime at your own pace here - <https://leadinggreen.com/online>

This course is instructed by a USGBC Faculty member and is the most effective way to pass. The USGBC charges a \$100 (reduced for students) fee for the actual exam which can now be taken online from home. Save money by reserving your spot today and make a positive difference in your career!

Cost: \$200 - Members can use the coupon code 'sust' for \$50 if you are paying out of your own pocket.

Please contact the instructor Lorne directly with any questions at info@leadinggreen.com. For those new to LEED, here is a short introduction to it - <https://youtu.be/X9FUJpIW9bl>
